

REQUEST INFORMATION FORM (Part 2)

Did you already fill out the Application (Part 1)? If not, please make sure you do before submitting these documents to the CHTN.

If requesting specimens from more than one specific anatomic site or disease, please complete separate copies of this form, the Request Donor Details form and the accompanying Preparation Details form. Please be specific about your requirements, including those for storing and handling tissue samples from the time the specimens are collected until they are delivered to your lab (i.e. transport media, refrigeration status, etc.).

REQUEST INFORMATION: BIOSPECIMEN TYPE

Please check the appropriate tissue type below and complete the details for the biospecimen type requested. **(If submitting more than one request, complete a separate copy of this form for EACH request.)**
